

Go to Furano and Biei by Train!

The bracing breezes of early summer sweep across the northern landscape. The hills are clad in fresh green leaves while the fields are filled with the vivid colors of wildflowers. This summer Furano and Biei greet visitors with a brilliant display of colorful scenery.

The panorama of Hokkaido's summer scenery is just about to unfold. A most efficient way to enjoy this season is to visit Furano and Biei using our direct limited express train 'Furano Lavender Express' from Sapporo to Furano. Then take our 'Furano-Biei Norokko Train' on a leisurely wide-window ride to the Lavender Farm Station (only open seasonally). Farm Tomita is 500 meters away from the Lavender Farm Station, which takes about 7 minutes by walk. Visitors can enjoy being surrounded by the rainbow of flower fields.

Furano Lavender Express

Furano Biei Norokko Train

The "Furano Biei Rail Ticket" is 4-day validity period, and it's not only applicable on a day trip from Sapporo, but also convenient for traveling around the Furano and Biei area.

More information about "Furano Biei Rail Ticket", sightseeing bus, and model courses will be updated on official website at the end of May.

Go to Furano and Biei by Train this year!
